What did you like best about the program?

That he could get up in front of the whole student body and share his experience. Also, that he included what the kids thought.

What will you tell others about Ben D. Anderson's presentation?

I already did. I said how brave he was and that he shared how he was bullied.

Anything else you would like to share?

Maybe he could just tell the teachers to repeat what he says. Then he could have a longer wait time.
